

Site #: 88

County: Island **Town:** Oak Harbor

Site Name: W Hastie Lake Road

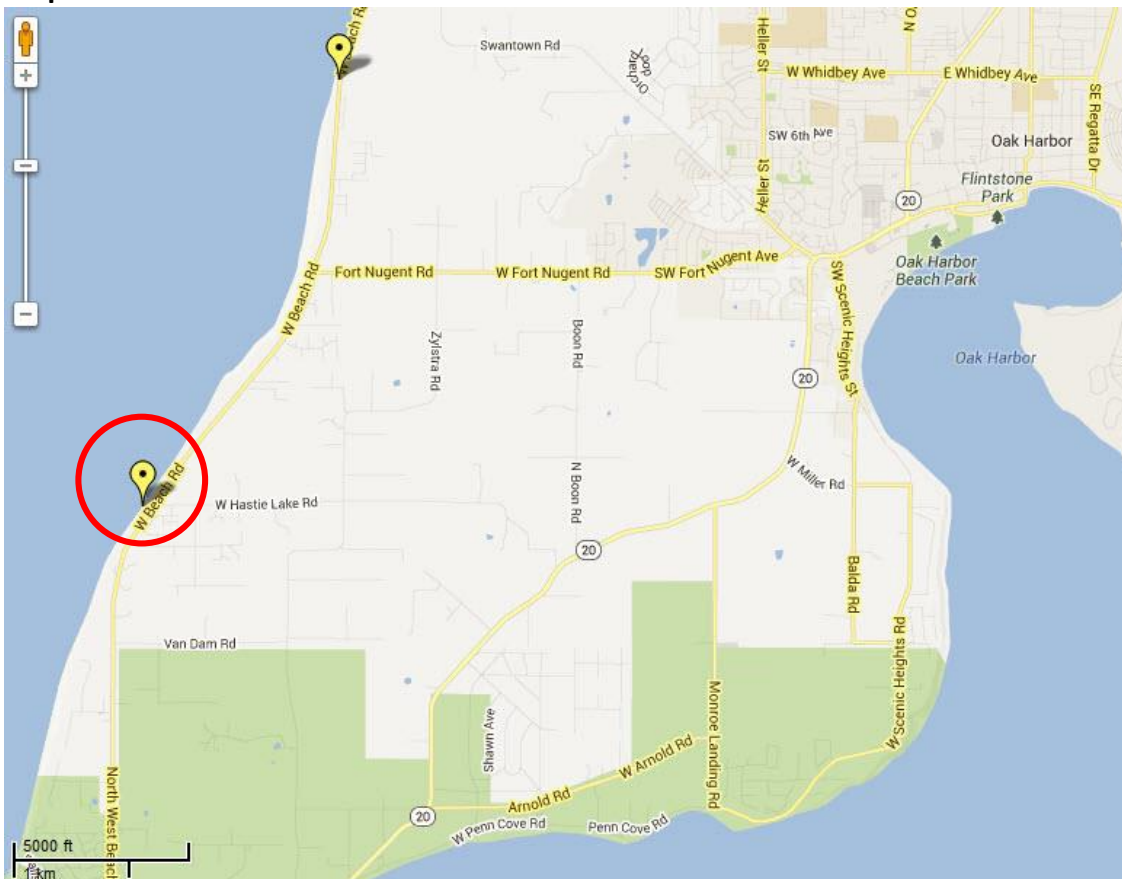

GPS: N48° 15.866, W122° 44.895

Location: From West Beach, continue south on W Beach Road for 2.5 miles and turn right onto W Hastie Lake Road. Drive to the end of the road and park in the parking lot beside the boat launch. From Oak Harbor, head south on SE Midway Blvd, turn right onto SE 8th Ave, turn left onto state route 20 W, turn right onto W Pioneer Way. Turn right onto SW Swanton Ave, left onto SW Fort Nugent Ave and continue for approx. 3 miles. Turn left onto W Beach Road and continue for approx. 1.5 miles. Turn right onto W Hastie Lake Road and continue to the end. The survey location is situated to the right of the boat launch.

Access: This area is publicly accessible at all times. There is a small area for parking, and this should not get too busy during summer.

Notes: An access/parking permit is not required for this site. Conduct the survey (locate the tripod) to the right of the boat launch (facing the water) directly adjacent to one of the large beachside boulders at the end of a large driftwood log.
